HOW TO CHECK IF BATTERY IS A RECALLED LITHIUM POLYMER MODEL:

INSTRUCTIONS:

Remove rear battery cover from G4/G5 device. On the front battery label, it will list the model number and what type of battery it is. The affected model number is **T65G428001-R** and the battery type is **Li-Polymer**.

1. CHECK BATTERY TYPE:

Recalled Battery is: "**Li-Polymer Battery**"

2. CHECK BATTERY MODEL NUMBER:

Recalled Battery is: "**T65G428001-R**"

*The current recommended G4/G5 battery is Lithium-Ion: If your battery type is "**Li-Ion**" with model number "**T65G428001A-R**", this is a **GOOD** battery and **DOES NOT** need replacement. Thank you.*
